OFFICE OF THE VILLAGE MANAGER

LETTER TO COUNCIL

NO. 014-2017

To: Mayor Gabriel Groisman and Members of the Village Council
From: Jorge M. Gonzalez, Village Manager 
Date: January 20, 2017
Subject: **Beach Access Path on 102nd Street**

The purpose of this Letter to Council (LTC) is to share with you the following information regarding the new beach access path. Residents will begin receiving this information via email, text alerts, a mailed postcard, and the next edition of the Village newsletter:

The new beach access path located on 102nd street from Collins Avenue to the beach just south of the Oceana Bal Harbour will be opening very soon. This state-of-the-art path, designed by renowned landscape architect Enzo Enea, is a 25 foot wide, soldier-paver lined path with IPE wood benches and shaded areas for residents to enjoy their walk to and from the beach. It also features a stainless steel body and foot shower. Entrances to the path will be secured by locked gates only accessible by Bal Harbour Village residents through access-controlled Key Card Fobs. If you are interested in obtaining a key card fob, please send an e-mail to: beachaccess@balharbourfl.gov with your name, address, phone number and e-mail address so that the fob can be programmed and issued. Until the key card fobs are issued, the gates to the beach access path will be unlocked each day from 6:00 a.m. to 6:00 p.m. for residents and guests to use.

Please note that until the key card fobs are issued to residents, the gates will be unlocked each day during daylight hours. We encourage you to share this information with anyone you may know who may be interested.

If you have any questions or need any additional information, please feel free to contact me or Ramiro Inguanzo directly.
